

# learning disabilities

specialist supported living and floating  
services for adults and young people

## About Us

The SLC Group provides supported living and floating support services for adults and young people with learning disabilities.

Our services are bespoke to each person and include people using their own budget.

We have also have experience in supporting individuals with complex and challenging behaviour who have profound levels of learning disability, frequently this involves a dual diagnosis.

## Our Support

Our supported living and floating support services are designed for individuals to build community opportunities and support so people can lead active and fulfilling daily lives.

We encourage each person to achieve their goals and tailor support to meet individual needs, promote enablement and deliver outcomes.

We can work with individuals at every stage; from assessing needs, finding individual service requirements, sourcing the right property and providing high quality support.

Support can range from several hours per week in our floating support services to up to 24 hours a day in our supported living services.

## My Story

Angie has a learning disability and complex needs and previously has lived at home with mum and dad. She is now supported by The SLC Group to live in a shared tenancy with two other women.

Angie's mum, Judi says: "The difference to Angie's life has been enormous. She is happier – you can see it in her face. She is not as aggressive and her challenging behaviour has reduced significantly. Our relationship has also improved dramatically and I know it's because she has found this independence and is getting fantastic support shaped around Angie's needs."

With The SLC Group's support Angie has found independence and Judi can get on with being mum. "I am now Angie's mum again and I'm really enjoying it," adds Judi.
